COLUMBUS, OH – (43215) Southeast Healthcare continues to implement plans for ongoing care for patients, while keeping our staff members safe and healthy due to the COVID-19 pandemic. For this reason, we have made the decision to temporarily close the Fresh A.I.R. Gallery to gallery patrons and showcase the work of Marianne Philip virtually through the exhibition titled *Traveling Through Time*.

*Traveling Through Time*, features more than 30 mixed media paintings by Marianne Philip. Marianne is a self-taught artist who paints with household items such as clay, nail polish, and makeup. She blends these materials into images of landscapes, dancers, musical instruments, and other subjects. Her artwork contains beauty and movement; it is also textured, unfiltered, and raw. From 2005 to 2015, she describes her life as being consumed by major depression and chronic pain. “I relied on medications, such as narcotics, to cope with my mental and physical illnesses” she says. Art has been crucial in Marianne's recovery from depression, chronic pain, and opioid addiction.

Marianne's work will be featured prominently online until July 17, 2020 and then archived on the Fresh A.I.R. Gallery website.
