Columbus, Ohio – 43215, Fresh A.I.R. Gallery (Artists in Recovery) presents Metamorph, artwork by Tyler Bohm. Please join us for the artist's opening reception on Wednesday, August 15 2012 5:30 - 7:00 p.m. at Fresh A.I.R. Gallery. Fresh A.I.R. Gallery is located at 131 N. High Street, Columbus, Ohio 43215 and our hours are Monday – Friday, 8:00 a.m. – 5:30 p.m. The exhibition will run until September 21, 2012.

Tyler creates fascinating relief sculptures that will pull viewers in to discover the many intricate layers. To do this he uses a CAD program that cuts Plexiglas using a laser. He then paints the resulting components on the reverse sides and re-assembles the work, mounting together several layers of Plexiglas. "My work shows a network of components that collectively exhibit an ambiguous, evolving intelligence. -over-

P. 2 Fresh A.I.R. Gallery

These components in the work all function in relationship to each other, like cells in an organism. In each piece are words reflecting an unbroken stream of consciousness, one that is developing an internal system of meaning by exploring linguistic structures, in particular the foundational relationship between opposites. The evolution of this consciousness and its material components reflects a hypothetical point at which the inventor loses control of their invention. The invention, like brooms in the Sorcerer's Apprentice, has taken over."

This exhibition's duration is from August 15 - September 21, 2012.
