Fresh A.L.R. Gallery

2023 Exhibition Season

Unless otherwise noted, exhibits will be held at SEEN Studios and open to the public on Franklinton Fridays (2nd Friday of each month, 6 – 10 pm) and by appointment.

ART OF RECOVERY

Fresh A.L.R. Gallery and its mission are supported in part by the annual Art of Recovery art auction fundraiser. Details about the 2023 event are forthcoming.

Fresh A.I.R. Gallery

A.I.R. stands for Artists in Recovery.

Fresh A.I.R. Gallery exhibits the work of artists affected by mental illness and/or substance use disorders. Through art, we educate the community and work to break down stigma by bringing focus to the artistic vision.

We opened our doors in 2004 as a project of Southeast Healthcare, a comprehensive provider of mental health services, primary care, dental care, alcohol and drug addiction services, vocational services, and homeless services that began operations in Franklin County in 1978. Fresh A.I.R. displays between five and eight exhibits per year at multiple community venues.

We support artists through every step of the exhibit process. Through their experiences with us, many artists develop the resources and confidence they need to advance their artistic careers, as well as their journeys away from stigma and toward healing.

If you or an artist you know has been affected by mental illness and/or substance use disorders and would be interested in exhibiting artwork, please contact us. Our exhibitions committee reviews portfolios year-round from artists nationwide.
