Fresh A.I.R. Gallery Celebrates 20 Years!

A.I.R. stands for Artists in Recovery.

Fresh A.I.R. Gallery exclusively exhibits the work of artists affected by mental illness and/or substance use disorders. Through art, we educate the community and break down stigma by bringing focus to the artistic vision.

Twenty years ago, we began operating as a project of Southeast Healthcare, a nonprofit comprehensive provider of mental health services, primary care, dental care, alcohol and drug addiction services, vocational services, and homeless services, which has been in operation in Franklin County since 1978.

Since 2004, we have served the community and worked with hundreds of artists in recovery, often partnering with local organizations and nonprofits. This year, we will celebrate 20 years as an art gallery and a creative hub for artists.
